

FinQ

Actionable insights from financial statements and ESG for smarter investments.

What can we do?

Provide in depth analysis of financial statements and qualitative factors such as ESG to deliver actionable insights that enhance investment and reporting decisions.

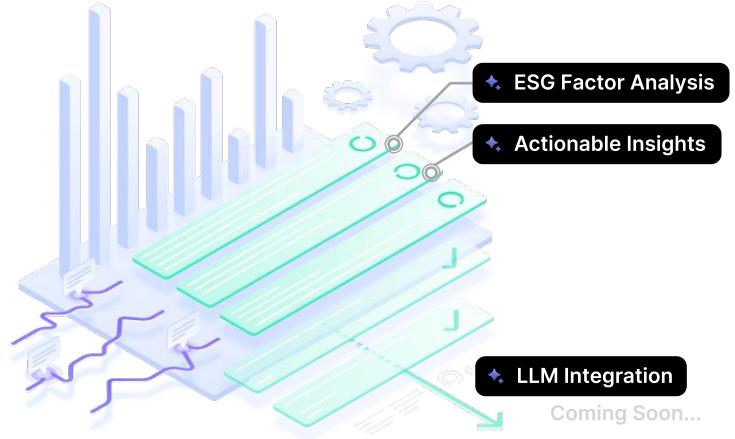

Leverage AI for comprehensive analysis:

Go beyond numbers with qualitative insights that reveal full picture.

Value Add

- **Automated Financial Analysis:** Rapid & accurate insights from complex financial data
- **ESG Factor Analysis:** Assess qualitative data to understand environmental, social, and governance impacts.
- **Actionable Insights:** Clear recommendations to enhance business strategies.
- **Customizable Reports:** Tailored insights that match specific business needs.
- **Consistency & Accuracy:** Ensuring data integrity through automated, AI-driven analysis.

✦ Extract Info from Financial Reports

✦ FinQ gives you all important information in your hands

More Features...
